Polish historical drama

VOLHYNIA

About the film - An epic period piece. Set over the course of six years, the story mostly takes place during World War Two in a small village in the eponymous region of Volhynia - a village inhabited by Ukrainians, Poles and Jews. The life of this small community is then torn apart by history. In the spring of 1943, a wave of ethnic cleansing sweeps over the region. In a sea of brutality and hate, the film's protagonist Zosia Głowacka tries to save the lives of her children and her own. Despite being in love with a Ukrainian boy from the same village, Polish girl named Zosia is forced into marrying a wealthy widower. Soon World War II begins and ethnic tensions arise. Amidst the war chaos Zosia tries to survive.
